Objective

To secure a internship opportunity where I can leverage my technical knowledge, core experience, and research experience to contribute to innovative projects. As a motivated prefinal-year computer science engineering student, I am eager to apply my skills in a professional setting, enhance my problem-solving abilities, and gain valuable industry experience.

Education

Visveswaraya Technological University, Belagavi.	Karnataka, India
Bachelor of Computer Science and Engineering	Sept. 2023 – Present
Jnanasagara Pu College,Davanagere	Karnataka, India
PUC Board	2023
Sri Gurukula Vidya Samsthe, Davanagere	Karnataka, India
State Board	2021

Experience

Member Yukti	April 2024 – Present Karnataka, India
• Played a key role in a dynamic, student-run community, collaborating on various technical,non-technical projects. • Actively contributed to the Esports and active problem solving projects. • Successfully organized and managed events.	

Projects

Smart helmet system	Sep.2025– Nov.2025
• Conducted a research on Indian 'Ministry of Road Transport and Highways ' to analyse the road accidents caused by two wheelers. • Analysed the reaserch details and reports in team and prepared the solutions. • Prepared a user friendly and affordable design.	
Collaborative solutions for the project	Nov.2025 – Dec 2025
• Modeled the prototype with multiple features helmet detection, emergency accident alert, alcohol detection and GPS tracking . • Tested the prototype in real world situations and solved the different problems and increased the efficiency.	

Technical Skills

Languages : Java, SQL, HTML/CSS
Modelling and Simulation : 3D animation Blender
Developer Tools :Google Cloud Platform, VS Code, Visual Studio, IntelliJ, codeblock.
Libraries : pandas, NumPy, Matplotlib

EXTRA-CURRICULAR ACTIVITIES

Executive member in Esports club
3D animation and Motion graphics
